

Valerie Alfonso Music Studio

In Person Safety Guidelines As of April 2023

Here are the in-person guidelines that the studio will be following in order to keep your child safe:

- No Masks are required. If you would prefer a mask, just let Miss V know.
- Students will be given a pump of hand sanitizer before their lesson.
- A high quality HEPA air purifier will be in use in the studio, which helps to clean the air of contaminants (including Covid 19) [Coway AP-1512HH].
- If the teacher has any illness symptoms, a text and an email will be sent out in advance & we will switch to online lessons for that week.

Here are the in-person guidelines that I will be asking the students and their families to follow in order to keep your child safe:

- The student is asked to refrain from touching their face, nose & mouth during the lesson.
- Please take care of all bathroom needs before the lesson (the bathroom will be “closed to the public”).
- If the student has any illness symptoms prior to the lesson, please let me know by text and we can switch to an online lesson for that week.
- If anyone arrives at the studio with any illness symptoms, they will be sent home and a video lesson will be made for the student during the student’s lesson time.
