

In Person Safety Guidelines

Here are the in-person guidelines that the studio will be following in order to keep your child safe:

-Masks will be worn at all times

-Students will be given a pump of hand sanitizer before AND after their lesson.

- The student will be playing on a separate keyboard (provided) in the studio to allow for social distancing.

—The only touchpoints in the studio will be the keyboard & bench. Both keyboard and bench will be wiped down with hydrogen peroxide before each student (Hydrogen peroxide is on List N of the EPA's approved Covid 19 disinfectants <u>https://cfpub.epa.gov/wizards/disinfectants/</u>.)

-The teacher will open and close the door for the student (to minimize touch points).

—A high quality HEPA air purifier will be in use in the studio, which helps to clean the air of contaminants (including Covid 19) [Coway AP-1512HH].

-If the teacher has any illness symptoms, a text and an email will be sent out in advance & we will switch to online lessons for that week.

Here are the in-person guidelines that I will be asking the students and their families to follow in order to keep your child safe:

-Please make sure that the student's mask fully covers both mouth AND nose)

-The student is asked to refrain from touching their face, nose & mouth during the lesson.

-One student is permitted in the studio at a time (also applies to siblings) and parents will be asked to wait in the car.

- Please take care of all bathroom needs before the lesson (the bathroom will be "closed to the public").

-Students are responsible to bring their own music & pencils (& any other necessary items in their zipper pouch). A dedicated music bag may help with organization.

-If the student has any illness symptoms prior to the lesson, please let me know by text and we can switch to an online lesson for that week.

-If anyone arrives at the studio with any illness symptoms, they will be sent home and a video lesson will be made for the student during the student's lesson time.

-If you are running late to your lesson, please text when you arrive.

-2 Students SHOULD NOT come to the music studio if they have or have had in the past 14 days a cough, a fever, shortness of breath, difficulties breathing, flu-like symptoms, gastrointestinal upset, or experienced a loss of taste or smell.

-- >Only sign this form if you are planning to take the in-person lesson option.

I have read and agree to the precautions being taken by Valerie Alfonso Music Studio, and that these precautions are subject to change if regulations change. I understand that all in-person procedures are mandatory and must be complied with as a precondition to receiving in-person lessons. I understand that I have a choice between online and in-person lessons.
